

CLAIT Plus

What is the course about?

CLAIT Plus 2006 has been developed as a progression route from CLAIT 2006. CLAIT Plus 2006 aims to provide a nationally recognised standard in ICT assessment at Level 2 that is also fit for the needs of the learner, employer and training provider.

What will I learn?

There are three modules to complete in order to achieve the CLAIT Plus Certificate or five modules to achieve a Diploma. Integrated e-document Production is the mandatory core unit plus two optional units such as Electronic Communication, Manipulating Spreadsheets, Graphs, Creating and Using a Database or Design an e-Presentation.

Entry Requirements

Candidates should have completed and obtained a CLAIT 2006 Qualification.

What will I need to bring with me?

A pen and notebook would be useful to take notes.

How will I learn?

The following teaching methods to support your learning will be used during this course:

- Demonstrations
- Questions & Answers
- Learning manuals and handouts

OCR and tutor prepared practice assignments

How will my learning be assessed?

Learners progress and achievements will be recognised in the following ways:

- Tutor will mark learners work on a weekly basis
- Live assignments will be taken and certificates will be issued on successful completion.

What qualifications will I get?

CLAIT Plus 2006 Certificate / CLAIT Plus 2006 Diploma

Are there any extra costs?
