

Ceramics Workshop

What is the course about?

This course is ideal for either total beginners or those with more experience of ceramics. You will be introduced to the basic ceramic techniques used in making pots and glazing. Those with more experience will be able to pursue their own projects and advance their skills.

What will I learn?

Different ceramic techniques such as slab building, coiling and throwing. Slip decoration and glazing will also be covered. You will also learn how to develop your own projects.

Entry Requirements

Knowledge of ceramics not essential but those with experience welcome.

What will I need to bring with me?

Nothing

How will I learn?

By watching demonstrations and doing practical work with guidance and explanation from the tutor.

How will my learning be assessed?

Your work will be evaluated and you will have regular discussions with the tutor. You will have a record of your own progress.

What qualifications will I get?

There are no qualifications with this course.

Are there any extra costs?

No

What can I do next?
