

### Designer Lifestyles - Fabulous 50's Onwards

#### What is the course about?

This course will examine design influences through the decades from the 1950s onwards. It will look at fashion/clothing, textiles, interiors and other household and decorative objects from the periods. Other aspects of design can be added according to the interests of the group.

#### What will I learn?

You will learn about the changes and influences in design and pattern through the decades from 1950 – 2000. You will also learn about discussion; how to use a variety of research methods including using the Internet; produce art work /designs/ theme boards etc inspired by these decades; and how to plan and produce an end of course exhibition of work.

#### Entry Requirements

No formal qualifications are required  
No prior knowledge of the subject is required

#### What will I need to bring with me?

Nothing is required as everything is supplied but learners may wish to bring relevant examples representing the weekly topic to some lessons if they wish to.

#### How will I learn?

You will learn by observing, listening & contributing to sessions; by watching demonstrations; through research and by doing practical design work with guidance and explanation from the tutor.

#### How will my learning be assessed?

Completing own record of progress  
Tutor/learner discussion and evaluation of work

#### What qualifications will I get?

None

#### Are there any extra costs?

No

#### What can I do next?

You can join other courses that will further develop your discussion, research and presentation skills or other Art/Design/History courses.
